

Burbage Village Survey

Introduction

AIM OF THE SURVEY

The Parish Council's aim is to ensure that everyone feels an integral part of our village community. We are therefore conducting this survey in order that you can inform us about how we can improve the services and amenities currently available, and what additional things you would like to see in your village. The last survey conducted by the Parish Council was in 1990, some 20 years hence. We hope this survey will provide a foundation to help shape the future of our village
